## Carbon-neutrality & Sustainability: OUR INITIATIVES

We at The Saunders Building care deeply about our World, our Communities and the future of our Environment. We're working to make our Building as Carbon-neutral as possible, and we invite all of our tenants to come along with us as we strive toward sustainability, proactive environmental policies, and stewardship of our natural resources. To learn more about our environmental practices and initiatives, we invite you to contact us any time.

In 2021, Saunders Real Estate was honored to sponsor the **planting of 5,000 trees** through the Arbor Day Foundation. These trees are sequestering **6,672 metric tons of carbon**, equivalent to taking 1,451 cars off the road for a year!

In 2022, we have chosen to sponsor Friends of the Public Garden, helping to **care for and sustain the Boston Public Garden, Boston Common and Commonwealth Avenue Mall**. We are so pleased to help support these public green spaces, which greatly **benefit our local environment and our communities**.
